

DISTRICT WEBSITE ACCESSIBILITY NOTICE

Students, parents, or members of the public may present a complaint related to the accessibility of any official web presence that the Acton-Boxborough Regional School District develops, maintains, or offers. To facilitate this, the following Notice will be posted on the ABRSD website and linked from every District web page and all subordinate pages:

Federal and state law, as well as School Committee policy, prohibit discrimination against persons with disabilities who wish to access ABRSD programs and services, including information contained on the ABRSD's website.

To the extent that such does not create an undue burden or fundamentally alter the content, the ABRSD will take steps to ensure that the District's websites and content are as equally accessible to persons with and without disabilities.

These efforts should ensure that people with and without disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe, with substantially equivalent ease of use; and that persons with disabilities are not excluded from participation in, or denied the benefits of, or otherwise subject to discrimination in any ABRSD program, service, or activity delivered online and that they received effective communication of the ABRSD's programs, services, and activities delivered online.

A number of documents on the ABRSD website are created in portable document format (PDF). In order to ensure access to PDF files, download the latest version of Adobe Reader, a free download from [the Adobe website](#).

Occasionally, users may encounter third party vendor content. While we have done our due diligence to make our site accessible, the District does not maintain or control third party vendor sites. Should you encounter any issues, please contact the persons listed below for an alternative presentation.

If you need assistance to access materials on the ABRSD website, please contact one of the District's Website Accessibility Coordinators:
